7.2 THE BEST PRACTICE

Community Education Programme on Consumer Protection Act 1986.

A community education programme is a comprehensive and coordinated plan for providing educational, recreational, social, and cultural services for all people in the community. Community education offers a structured, effective way to respond to the challenge of improving public education because it expands students' roles and creates a mutually interdependent relationship among community members.

OBJECTIVES:

- To assess the knowledge of people of different classes in society about various aspects of consumer awareness.
- To create awareness about the right to protection against unfair practices and promote learning and social development work with individuals.
- To enhance public knowledge, understanding and skills and encourage more responsible attitudes and behaviour.

CONTEXT:

Community-based learning is the experience of engaging students in the community through a teaching and learning approach that integrates community service with academic study to enrich learning, teach civic responsibility, and strengthen communities. The idea is to give students direct experience with issues they are studying in the curriculum and with on-going efforts to analyse and solve problems in the community. The opportunity for students to bring thoughtful knowledge and ideas based on personal observation and social interaction with the community these programmes model the idea that giving something back to the community is an important college outcome and that working with the community is good preparation for citizenship, work, and life.

K.S. Town, Bangalore - 560 060.

THE PRACTICE:

On July 27, 2022, the students of SABS conducted a survey to create awareness about the Consumer Protection Act 1986 among the public of Kengeri Upanagara, Bengaluru. Students have learned about the Consumer Protection Act through different sources like the internet, library books, etc. To raise awareness, they created charts outlining consumers' rights and insisted on where to file complaints if any shopkeeper or vendor defrauded customers. Students initially assumed that some people were aware of the Consumer Protection Act, but in reality, no one was aware of it, so they raised awareness by displaying charts and showing online website links about where to file a complaint and how to file a complaint both online and offline.

Place of Visit: Kengeri Upanagara, Bengaluru -560060

Date: 27th July 2022

The Students' Team organised an awareness campaign and disseminated information about Consumer Protection and various sections of the Consumer Protection Act of 1986.

Brief Introduction about Consumer Protection:

Consumer protection is the practice of safeguarding buyers of goods and services and the public, against unfair practices in the marketplace. Consumer protection measures are often established by law. Such laws are intended to prevent businesses from engaging in fraud or specified unfair practices in order to gain an advantage over competitors or to mislead consumers. They may also provide additional protection for the general public, which may be impacted by a product (or its production) even when they are not the direct purchaser or consumer of that product. For example, government regulations may require businesses to disclose detailed information about their products—particularly in areas where public health or safety is an issue, such as with food or automobiles.

Efforts made for the protection of consumers' rights and interests include:

- The right to satisfaction of basic needs
- The right to safety
- The right to be informed
- The right to choose
- The right to be heard
- The right to redress
- The right to consumer education
- The right to a healthy environment

Sections of the Consumer Protection Act of 1986

- | | |
|----------|--|

Report for the AY 2021-22

Seshadripuram Educational Trust always stands ahead in catering to the needs of today's dynamic environment. In the same motto, Seshadripuram Academy of Business Studies organized/ conducted various Orientation and workshops for students as well as facilities in order to gain insight into the process of recruitment, resume building, how to crack out the interview, career path and many more from the alumni of SABS, various companies' manager and placement trainers in the previous year 2021-22. On 23-10-2021 Ms. Varalakshmi addressed the gathering related to the placement giving a student's an idea about how actually placement goes in campus. She explained about recruitment process and requirements of corporate sector in present scenario. On 25-6-2021 Ms. Chaitra Training and Placement Head, SET oriented the students regarding placement activities.

On 23 – 11 – 2021, Tuesday at 9:30 am. resource person Mr. Sadashiv L Deputy Manager – Talent Acquisition HGS, Bengaluru addressed the faculty members at SABS, Kengeri and Virtually connected with the Tumkuru and Mysore. Mr. Sadashiv explained about HGS company, has a great step created on its own which was Founded in the year 2000, they are a global leader in Business Process Management and digital solutions with over 42,000 employees across 7 countries and 73 delivery centers worldwide. The topmost company that focuses on Customer Engagement, Business Process optimization and Digital Transformation. At the conclusion of the session, the faculties discussed their doubts about particular skills to be trained for the students to make them employable in the competitive environment. The session resulted in gaining deep insights about the process and procedures followed by the corporate world and gave a clear picture on etiquette to be developed in the students.

Mr. Yogesh and Ms Deepa taken a session for our students to address them to “how to build a resume and he had a interaction between our students regarding the queries, problems where a student facing to build a proper resume with perfect requirement.

Mr. Abhishek is a resource person, an alumnus of SABS working at Deloitte as PMO who addressed the gathering regarding “career building”. He explained the various recruitment process, especially group discussion round where students are facing to crack it

out. He also gave suggestions and guidelines for students on how to attend the group discussion round.

The resource person Sushma A P an alumnus of SABS took an orientation on Deloitte aspirants and various interactions between students. She gave informative knowledge regarding Deloitte company and other top companies, how students are recruited for these kinds of companies and the expectations of these companies towards the students and how to reach it were explained. The session gained deep insight into the process and procedures followed by the tier 1 companies.

7.2. Best Practice

2. Training for Career Development:

The institution has brought highly effective training and development programmes to facilitate students' successful careers. Value added programs, vocational courses, and add-on courses are mainly concentrated in this segment for the overall development of the students. The system facilitates practical knowledge, employability skills and personality development.

Objectives:

1. The system facilitates the students for the development of their careers.
2. To increase the practical knowledge of students and train them on employability skills with additional knowledge and certification of the same to make our students globally competitive.
3. To enable students to overcome the gap between academics and industry.
4. To maintain good mental health of the students.

The Context:

The context of Indian higher education focuses on knowledge with wisdom, the development of leadership qualities in students, social, legal and moral values and conduct. With mere subject knowledge, it's challenging for the students to manage their professional careers and management. With information and data analytics becoming more important in today's job market, advanced Excel skills would be extremely beneficial to those wishing to advance in their careers. Aside from academics, students need grammar, communication, logical reasoning, aptitude, pre-placement training, mock interviews, tally ERP, advanced excel, and other skills to succeed in interviews and competitive exams. The above skills are imparted in association with Glisten Education Pvt. Ltd. and NICT. The classes are conducted to impart training on a designed curriculum for 40 hours.

The Practice:

In this context, this practice enhances the students' wisdom along with the knowledge they get through the regular subjects that they study as per the curriculum prescribed by Bangalore University. The institution provides training and development from I semester to VI semester, 24 hours each semester. The value-added curriculum is designed for I and II semesters, the syllabus is on communication (LSRW) Listening, Speaking, Reading, Writing, Classroom Trainings, Business Communication, Dress Etiquette and Body Language.

For 11 years more emphasis will be placed on quantitative aptitude, logical reasoning, numerical aptitude and verbal ability to prepare students for placement drives in the final year. In each semester, as per the designed curriculum, books that contain the content of value-added programmes are

issued to students. In the V semester, training is provided on resume preparation. Group discussions are conducted for the final year students. Students are guided on the Do's and Don'ts of GD, which gives them more clarity. Other sessions are based on mail etiquette, mock interviews, and simulation activities. Value-added programmes make our students more capable with mere subject knowledge in the degree curriculum. To make it more effective, tests are conducted, based on which performance certificates are issued to students. Along with value-added programs, students are also trained on add-on courses such as Tally and SAP, to ensure they have more opportunities to flourish in their careers. Tally classes are conducted by NICT professionals who give both theoretical and practical sessions to students, giving them practical exposure to the accounting world.

Mental health programmes help our students stay healthy and maintain good mental health. Students are also working as tax consultants after attending the filing of income tax returns programme organised at the institution.

Evidence of Success:

With the well planned and implemented sessions of value-added programs, the success factor is most evident in our students' growth in their careers. This programme started in 2014-15, and since then there has been an incremental growth in the number of students placed in various companies.

Year	2021-22	2020-21	2019-20	2018-19	2017-2018	2016-2017	2015-2016	2014-2015	2013-2014
No. of selects	192	32	122	164	133	19	103	96	60

Every year, nearly 20 recruiters hire students (Thomson Reuters, Northern Trust, Cap Gemini, Societe General, Eureka Forbes, Just Dial, ICICI Prudential, Infosys, Wipro, Mondovi Motors, Deloitte, Empower, DXC Technology, Fidelity, TATA Consultancy Service, Muthoot Finance, Target, Amazon, Sunrise Diztech Systems, State Street, Fincare, Greet Technologies With these extensive training sessions, students of the institution are working for reputed companies and have had great success during interviews. Students are also working in the aviation industry after attending the aviation course, conducted at the institution and are enjoying their flying careers.
